

Itshepeleng Karabo Lerato

Software Developer | Data Analyst | Network Technician

Email Address: itshepeleng03@gmail.com | Phone: +27 81 718 8794.

Physical Address: South Africa, Bloemfontein.

Objective Summary

Adaptable IT student with a strong technical background and excellent communication skills. Eager to tackle new challenges and contribute to the advancement and accuracy of AI technologies.

Skills

JavaScript | C# | SQL | HTML | CSS | Python | Dart | Networking: Cisco IOS CLI, Subnetting (IPv4/IPv6), Cisco Packet Tracer

Experience

January 2022 – May 2022 | Role: Fieldwork Supervisor, Population Census 2022, South Africa

Supervision of data collection, managing and addressing fieldworkers, addressing physical issues, such as language barriers, and technical issues, such as device interruptions, occurring at work. I also ensured that precise work is sent to the office for processing.

October 2024 – July 2026 | Role: AI Data Trainer

Trained and evaluated large language models and ML systems by creating, labelling, and refining datasets across NLP, classification, and instruction-following tasks. Owned end-to-end quality for assigned tasks: interpreting annotation guidelines, labelling complex data, performing QA reviews, and flagging inconsistencies.

Education

2016 - 2020 - Dr Viljoen High School: NSC Matric.

2021 - 2022 - Jeppe College Bloemfontein: Systems Development N3.

2023 - Current - Central University of Technology, Free State: Final year Diploma in Information Technology.
